idem. is a Latin term meaning "the same". It is commonly abbreviated as id., which is particularly used in legal citations to denote the previously cited source (compare *ibid.*). It is also used in academic citations to replace the name of a repeated author. Id. is employed extensively in Canadian legislation and in legal documents of the United States to apply a short description to a section ...

Concept. A bibliographic citation is a reference to a book, article, web page, or other published item. Citations should supply detail to identify the item uniquely. Different citation systems and styles are used in scientific citation, legal citation, prior art, the arts, and the humanities.. Content. Citation content can vary depending on the type of source and may include:

How to Do Footnotes. Footnotes are powerful tools, they are used to provide ancillary information and also citations in the footer of a page. Most often, editors of books, journals and other media will ask that parenthetical information be included in footnotes as a way to control the prose of the document.

Annotated Bibliography Example - Teaching American History

Relative motion is just a way of saying that sometimes different people will say different things about the motion of the same object.. This is not because one of them is wrong, but because they are using different frames of reference.; The best way to see how this is possible is to look at some examples.

Lesson 9: Relative Motion and Frames of Reference
