Cost Accounting - Jones & Bartlett Learning

Financial accounting (or financial accountancy) is the field of accounting concerned with the summary, analysis and reporting of financial transactions pertaining to a business. This involves the preparation of financial statements available for public consumption. Stockholders, suppliers, banks, employees, government agencies, business owners, and other stakeholders are examples of people ...

Financial accounting - Wikipedia

Human resource accounting is the process of identifying and reporting investments made in the human resources of an organization that are presently unaccounted for in the conventional accounting practices. It is an extension of standard accounting principles. Measuring the value of the human resources can assist organizations in accurately documenting their assets
